

Upcoming Talks

Eghbal Hosseini (postdoc, MIT)

Dec 02 (Monday) 11am

Carney Inst. for Brain Science, 164 Angell st. 4th floor

Large language models implicitly learn to straighten neural sentence trajectories to construct a predictive representation of natural language

Ciana Deveau (phd student, Brown/NIH)

Jan 27 (Monday) 11am

location/title TBD

Ekdeep Lubana (postdoc, Harvard)

Feb 03 (Monday) 11am

location/title TBD

Eghbal Hosseini (postdoc, MIT)

Dec 02 (Monday) 11am

Carney Inst. for Brain Science, 164 Angell st. 4th floor

**Large language models implicitly learn to straighten
neural sentence trajectories to construct a predictive
representation of natural language**

Ciana Deveau (phd student, Brown/NIH)

Jan 27 (Monday) 11am

CIT 477 Lubrano, 115 Waterman st

title TBA

Ekdeep Lubana (postdoc, Harvard)

Feb 03 (Monday) 11am

CIT 477 Lubrano, 115 Waterman st

**Dynamics of Concept Learning and
Emergent Abilities in Neural Networks**

Brown University **ANCOR**  talk series:
AI, Neuro, Cog Research talks
Fall 2024
